## GOD LOVES YOU A LOT!

Last week, we talked about how God created you, everyone, and the whole world. But why did He do that? He created us because He loves people and wanted to be our friend!

God wants you to have a life full of joy, love, meaning, purpose and fulfillment; and these things are found in God Himself. God created you while you were in your mother's womb and knows exactly how many hairs are on your head. He knows what is going on in your life every day and wants to help you.

Sometimes, it can be really hard to believe God's love for us. People we know and love get sick or die, or when we see war, disease, starvation, and suffering in the world, it can be hard to see or feel God's love. But the truth is that God does really really love you and one big proof of His love is that He gave us His Son Jesus.
