

// DID YOU KNOW?

LIGHTS! CAMERA! ACTION!

Two weeks ago, we talked about how God created all things, and gifted us with the earth. But what happened next? Genesis 3 tells us that the first two humans God created, Adam and Eve, sinned. Sin is defined as any action, thought, or word that is disobedient to God.

Did you know that your whole life is being recorded? Every single word, thought, and action is being written down in countless books by God every day! Could you imagine what it would be like if every bad thought you had, or every mean thing you ever did was revealed for all to see?

According to the Bible, that will happen someday! Nothing that we did in secret will stay hidden – it will all be exposed before God. Why?

Last week, we talked about how God loves every single one of us, even though we have all sinned against Him. But, God is also a perfectly just judge, and the consequence of our sin is separation from Him, both in this life and the next.

Want to learn more? Check out our website that has information, links to articles, videos, and a lot more!

This week's edition includes information on how we can trust God loves us, even in the face of hardship, and what He has done to prove it.

Week 3 Memory Verse:

**“...all were judged according to their works.”
(Revelation 20:13)**
