

// DID YOU KNOW?

BEING A NICE/GOOD PERSON DOES NOT GET YOU TO HEAVEN?

All people are **Spiritually Bankrupt**. **Bankruptcy** is defined as, “The legal status of a person or other entity who cannot repay debts to creditors.” In other words, it’s when someone owes money but doesn’t have enough money to pay it back.

Last week, we talked about how everyone is guilty of sin, and that our guilt results in separation from God. The reason for this is because, due to our sin, we owe God a great debt. Unfortunately, we are all bankrupt before God – we owe Him and can’t pay up! Many people think, and many religions teach, that people can just do enough good deeds to outweigh their bad deeds, and that this will enable them to earn their way to heaven. The bible teaches, however, that no amount of good deeds is enough to save you!

Think about this: if you punched another kid at school or church or did something else very bad, would you be able to convince your teacher and/or parents not to punish you because you said nice things to 9 other kids that day? Of course not! Likewise, our good deeds don’t make up for our sin before God either.

Want to learn more? Check out our website that has information, links to articles, videos, and a lot more!

This week’s edition includes information on the effects of sin in our lives and the world, and the eternal consequences of sin as well.

Week 4 Memory Verse - Ephesians 2:8-9

“For you are saved by grace through faith...
not from works, so that no one can boast.”
